

Literaturliste Angehörigenfreundliche Intensivstation

Vorbemerkungen:

- **Verantwortlich:** für diese Liste sind Peter Nydahl, Christel Bienstein, Angelika Zegelin und David Mager
- **Entstehung:** Die Literaturliste basiert auf verschiedenen Vorarbeiten und Recherchen, u.a. von Jürgen Maier, Marina Ufelmann, Sophie Mahn und der ICU Kids Study Group, und anderen.
- **Creative Commons:** Wir teilen Wissen und schützen Wissen. Diese Literaturliste ist registriert bei Creative Commons. Sie dürfen diese Liste nutzen und auch Inhalte kopieren. Sie dürfen die Liste nicht verändern oder für kommerzielle Zwecke nutzen (siehe unten).
- **Vorsicht bei copy & paste:** Das Verzeichnis ist aufgrund der verschiedenen Vorarbeiten nicht stringent formatiert und genügt daher nicht den Anforderungen für wissenschaftliche Arbeiten; sprich, alle, die hier copy & paste machen möchten, müssen die Angaben nacharbeiten 😊
- **Systematik:** Die hier gelisteten Titel basieren nicht auf einer (1) systematischen Literaturrecherche in verschiedenen Datenbanken, sondern mehreren Recherchen mit unterschiedlichen Strategien zu unterschiedlichen Zeitpunkten, sie ist daher eher „handverlesen“.
- **Umfang:** Insgesamt knapp 400 Titel, allerdings können wenige Doppelungen vorkommen. Angehörigenfreundliche Intensivstation: > 220 Titel; Kinder als Besuchende: >160 Titel; Mikrobiologische Aspekte bei Kindern/Angehörigen als Besuchende: >40 Titel.
- **Sortierung:** chronologisch, beginnend mit der ältesten Quelle.
- **Updates:** wir werden diese Literaturliste regelmäßig aktualisieren, allerdings in größeren Abständen. Wer sich hier beteiligen möchte, ist willkommen.
- **Es fehlt etwas?** Sollten Sie meinen, dass hier wichtige Titel fehlen, so sind wir dankbar über entsprechende Quellenangaben an peter@nydahl.de
- **Letztes Update:** 24.8.2026

Literaturliste Angehörigenfreundliche Intensivstation von [P. Nydahl, C. Bienstein, A. Zegelin, D. Mager](#) ist lizenziert unter einer [Creative Commons Namensnennung - Nicht kommerziell - Keine Bearbeitungen 4.0 International Lizenz](#).

Die Literaturliste hat drei Bereiche:

Angehörigenfreundliche Intensivstation.....	2
1. Grundlagen und Konzepte.....	2
2. Implementierung und Wissenstransfer.....	3
3. Leitlinien und Positionspapiere	4
4. Besuch und Anwesenheit	5
5. Kommunikation, Beziehung und Entscheidungen	7
6. Erleben, Bedürfnisse und psychosoziale Folgen	9
7. Interventions- und Unterstützungsangebote	11
8. Familienbeteiligung an Pflege und Therapie	14
9. Spezielle Populationen, Settings, Diversität.....	17
10. Organisation, Umfeld, Technologie.....	18
Kinder als Besuchende auf Intensivstationen	20
1. Rechtliche und ethische Grundlagen	20
2. Kinder als Besuchende: Bedürfnisse, Erfahrungen und Vorbereitung.....	20
3. Besuchskonzepte, Zugangsregelungen und Familienzentrierte Pflege	22
4. Implementierung und praktische Umsetzung	23
5. Psychische Folgen, Trauma und Vulnerabilität bei Kindern	25
6. Kindliche Entwicklung, Tod, Trauer, Spiritualität und Begleitung.....	26
7. Pädiatrische Intensivmedizin und Geschwisterkinder	29
8. Leitlinien und Empfehlungen zum Kinderbesuch	29
9. Bildung, Fortbildung und Simulation	30
10. Organisation, Qualität und Hygiene in der Notfall- und Intensivmedizin	32
Mikrobiologische Aspekte bei Kindern/Angehörigen als Besuchende.....	35
1. Grundlagen der Infektionsprävention bei Kindern und vulnerablen Patientengruppen	35
2. Kinder und Geschwister als Besuchende: Kolonisation und Infektionsrisiko	35
3. Angehörige und Besuchende als potenzielle Erregerquelle	36
4. Händehygiene und infektionspräventives Verhalten von Kindern und Besuchenden	37
5. Besuchsregelungen im Spannungsfeld zwischen Infektionsprävention und familienzentrierter Versorgung.....	37
