

Literaturliste Angehörigenfreundliche Intensivstation

Vorbemerkungen:

- **Verantwortlich:** für diese Liste sind Peter Nydahl, Christel Bienstein und Angelika Zegelin.
- **Entstehung:** Die Literaturliste basiert auf verschiedenen Vorarbeiten und Recherchen, u.a. von Jürgen Maier, Marina Ufelmann, Sophie Mahn und der ICU Kids Study Group, und anderen.
- **Creative Commons:** Wir teilen Wissen und schützen Wissen. Diese Literaturliste ist registriert bei Creative Commons. Sie dürfen diese Liste nutzen und auch Inhalte kopieren. Sie dürfen die Liste nicht verändern oder für kommerzielle Zwecke nutzen (siehe unten).
- **Vorsicht bei copy & paste:** Das Verzeichnis ist aufgrund der verschiedenen Vorarbeiten nicht stringent formatiert und genügt daher nicht den Anforderungen für wissenschaftliche Arbeiten; sprich, alle, die hier copy & paste machen möchten, müssen die Angaben nacharbeiten 😊
- **Systematik:** Die hier gelisteten Titel basieren nicht auf einer (1) systematischen Literaturrecherche in verschiedenen Datenbanken, sondern mehreren Recherchen mit unterschiedlichen Strategien zu unterschiedlichen Zeitpunkten, sie ist daher eher „handverlesen“.
- **Umfang:** Insgesamt knapp 400 Titel, allerdings können wenige Doppelungen vorkommen. Angehörigenfreundliche Intensivstation: >190 Titel; Kinder als Besuchende: >160 Titel; Mikrobiologische Aspekte bei Kindern/Angehörigen als Besuchende: >40 Titel.
- **Sortierung:** alphabetisch
- **Updates:** wir werden diese Literaturliste regelmäßig aktualisieren, allerdings in größeren Abständen. Wer sich hier beteiligen möchte, ist willkommen.

Die Literaturliste hat drei Bereiche:

Angehörigenfreundliche Intensivstation.....	2
Kinder als Besuchende auf Intensivstationen.....	17
Mikrobiologische Aspekte bei Kindern/Angehörigen als Besuchende.....	30

- **Es fehlt etwas?** Sollten Sie meinen, dass hier wichtige Titel fehlen, so sind wir dankbar über entsprechende Quellenangaben an peter@nydahl.de
- **Letztes Update:** 27.8.2025

Literaturliste Angehörigenfreundliche Intensivstation von [P. Nydahl, C. Bienstein, A. Zegelin](#) ist lizenziert unter einer [Creative Commons Namensnennung - Nicht kommerziell - Keine Bearbeitungen 4.0 International Lizenz](#).
